## PROFILE

I'm Dibyajyoti Rautaray . I'm a 3rd year UG student pursuing Btech(cse) at ITER,SOA(SIKSHA 'O' ANUSANDHAN) University, Bhubaneswar.

I love to work in front-end but still working on backend also

## PROJECT

### Library management system

- This is an online platform for your hobbies of reading (Online Library ),here you can download your required books and enjoy it.
- I have used DSA here for managing the library like availability check, subscription, Referrals or Suggestions.

### Jump Game

- This is same as of your offline dino game in your browser.
- I have used frontend (html, css, JavaScript) here for making your player jump up from the obstacles, score board for beating your own score, music when you're hit by the obstacles.
